

Brownfield Reuse Survey

The following questions will help to assess the SIR communities needs and meet the desires of all community members through creative and flexible redevelopment strategies.

1. From the following redevelopment options, please check your preferred reuse option:

- **Cultural Uses:** Roundhouse, sweat lodge, cultural community garden, interpreted cultural garden.
- **Green Space:** Agriculture, wildlife pollinating farm, sports fields and facilities, open space and other recreational activities. These spaces also provide wildlife habitat and nature conservation opportunities.
- **Residential:** Multi-family homes, apartments and condos, single-family homes, and other residential purposes, such as senior housing.
- **Industrial:** Storage and distribution facilities, renewable energy production (solar).
- **Mixed Use:** Combination of two or more reuses for example (roundhouse and cultural community garden, etc.)

2. From the suggested redevelopment list above, how would you like to incorporate two or more of the reuse options? (ex. Green Space, Residential, Industrial, Commercial)

3. What are some additional redevelopment uses (not listed) that you would like to see?

Brownfield Community Meeting to review and comment on new Brownfield Cleanup Grant application NOVEMBER 9th 5 to 6:30 pm!!

A new round of EPA Brownfield Cleanup Funding has been announced. The SIR will apply for the next phase of the cleanup on the former Gutierrez Property. The grant is due November 22nd.

We can apply for \$500,000 for this next grant, and there is no match requirement. We would like your input on the draft application. Please plan to attend the November 9th meeting. Geologist Kyle Leach (Sierra Streams Institute) will provide an update of cleanup of Site 1 and describe proposal for cleanup of Site 2. We need your input and would appreciate your insight by completing the survey Page 9 on how the Tribe would like to reuse this property. Surveys will also be provided at: SIR Tribal Office front desk (745 Joaquin St.) and Natural Resources Department-formerly Teen Center bulletin board (805 Joaquin St.). **Please bring completed survey to the below meeting or drop it off at the Tribal Office before November 9th.**

**When: Wednesday November 9th
5:00 pm to 6:30 pm**

Where: Tribal Resource Center

What: Pizza will be served.
