					measures or generate 20% of energy from renewable energy technologies.
USDA	Rural Community Development Initiative	\$50,000 to \$250,000	3/22		This grant could fund an intermediary to do preparatory planning on projects related to housing, community facilities, or community and economic development. I am thinking about architectural design and blueprint work for the new clinic.
Tribal Nations Grant Funds	Perhaps fund architectural design work and preconstruction clearing	\$100,000	Rolling deadline		Need input. We will need a resolution to be able to apply and so we won't make the 2/5 TNGF meeting
