

## SIR TRIBAL FAMILIES

# CAR SEAT CHECKUP & DISTRIBUTION EVENT

**SATURDAY**  
**SEPT 21, 2024**  
**9AM-3PM**

**LASSEN INDIAN HEALTH CENTER PARKING LOT**

*Funding and support for this event is provided by The California Area I.H.S Injury Prevention Program and Lassen Indian Health Center.*

## WHY IT'S IMPORTANT

AI/AN people use car seats, booster seats, and seat belts at a much lower rate than the national rate. Of children who were killed in a crash, 38% were not buckled up.

Parents and caregivers can make a lifesaving difference by ensuring their children are properly buckled on every trip. Lassen Indian Health Center wants to help keep your kids safe on the road.

Check-ups and Distribution will take approximately 15-30 minutes per seat. Bring your Tribal ID, child, car seat, car seat instructions, and vehicle owner's manual to the event.

**LASSEN**  
INDIAN HEALTH CENTER
